Dear Parents / Carers,

Claverham is linked with a school in Sierra Leone through the Hastings Sierra Leone Friendship Link (HSLFL). The purpose of the link is to help improve teaching in Sierra Leone, whilst also giving Claverham students the experience of working with pupils in a developing country. We would like to do a joint science/eco project with Huntingdon Junior Secondary School (SL). We believe that this link will benefit the learning of our students as well as those in Sierra Leone.

In order to share resources we would like to provide Huntingdon School with a reconditioned laptop and a small solar panel to operate it (they only have an intermittent electric supply and none at the school).

We are asking for anyone who has recently renewed their laptop to consider donating the old one to school, so that we can see if we can recondition it for use by Huntingdon. The laptop needs to be in working order, but if there is an issue with charging that will be fine. Please send the laptop (and charging cable) in with your child and with the form below attached to the front or inside. If we receive more than one laptop we will keep these to help roll this project out to other schools in Sierra Leone.

Many thanks,

Yours faithfully

Mrs Kemp & Ms Comfort
Humanities Department on behalf of HSLFL

LAPTOPS

Please take the laptop to Mr Cymer in the IT department. (It is between rooms 27 and 28) Parents can also drop a laptop off at reception. Please attach this form to your laptop.
