Dear Parents/Carers,

As I am sure you are aware, at Claverham Community College we have a clear uniform policy which reflects the high expectations we have for our pupils. We believe that wearing our distinctive uniform gives them a sense of belonging to our community, helps foster pride in the College and communicates our high standards and expectations.

Our pupils are our ambassadors in the local community. We therefore expect them to wear full College uniform when travelling to and from the College, at all College functions, on extra-curricular visits and when representing the school in sporting or other events.

Over the past few months the governors and senior team have been reviewing our uniform policy.

We have always taken great pride in our uniform and strongly feel that high standards of dress are an important part of the ethos of the school. This is something that we want to continue in the future, however, there is a growing view that school uniforms should be more equal for both boys and girls and that differentiating between them is not necessarily the right approach for the future. We are therefore seeking the views of all stakeholders, regarding the proposal to introduce trousers as an item of school wear for female pupils.

Please could you complete the survey using the link below sharing your views regarding the college uniform. The link will be active until 16th November 2018.
